

Because regional products are simply better

We will be happy to pamper your taste buds with a wide variety of culinary treats from our region! We consider ourselves fortunate that there are many small businesses and farmers in our region who market their own products. Now, you can enjoy these special products as well.

Choose from our daily menu featuring a large selection of typical Waldviertel specialities such as carp, poppyseed and wild game delicacies as well as unique potato dishes. Regional seasonal dishes also make up an indispensable part of our monthly menu.

By buying locally, we keep transport routes and distances as short as possible and support local businesses that produce high-quality food in harmony with nature.
